Heifer International
"Peru Study Tour"
August 2 - August 14, 2009**

Experience the chance of a lifetime!

GFWC Florida Federation along with Heifer International will host a 12-day study tour to Peru and YOU could be one of the lucky 10 winners to join Madame President Linda Dennis for this first FFWC study tour to Peru.

A Heifer International Study Tour begins where other tours end. This Peruvian tour will be a small, specialized expedition to places unreachable by ordinary tours. You will travel through spectacular geography and unique ecosystems. You will visit remote villages and isolated people.

A Heifer Study Tour goes beyond sightseeing. It is journey beyond the ordinary -- into the daily lives of extraordinary people. As you visit with the farmers and families who partner with Heifer to improve their lives, you will learn more than you could have ever imagined! This Peru Study Tour will take you beyond your ideas about poverty, and will show you what the human spirit is capable of overcoming. We will go into the homes and the communities, showing us the daily struggles and triumphs, and the ways these families are working to become self-reliant.

Opportunity Chances are \$10.00

and you can purchase your tickets from

Heifer International Chairman Charlyne Carruth 954-753-3136

or your district *Hope* Chairman.

Peru boasts some of the most beautiful scenery in South America. The magnificent Peruvian Andes Mountains will add to this most memorable trip. We want YOU to share in this experience -- to show people around the world that poverty and hunger can be ended, and GFWC Florida Federation of Women's Clubs members are helping to make that happen!

The drawing for these 10 lucky winners will be held at
GFWC Florida Convention, Saturday, April 18, 2009.
